

The Master Switch: The Rise and Fall of Information Empires

Filesize: 1.08 MB

Reviews

The ebook is great and fantastic. We have read and i also am sure that i am going to likely to go through once again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Erica Turcotte)

THE MASTER SWITCH: THE RISE AND FALL OF INFORMATION EMPIRES

Atlantic Books. Paperback. Book Condition: new. BRAND NEW, The Master Switch: The Rise and Fall of Information Empires, Tim Wu, The Internet Age: on the face of it, an era of unprecedented freedom in both communication and culture. Yet in the past, each major new medium, from telephone to satellite television, has crested on a wave of similar idealistic optimism, before succumbing to the inevitable undertow of industrial consolidation. Every once free and open technology has, in time, become centralized and closed; as corporate power has taken control of the 'master switch.' Today a similar struggle looms over the Internet, and as it increasingly supersedes all other media the stakes have never been higher. Part industrial expose, part examination of freedom of expression, The Master Switch reveals a crucial drama - full of indelible characters - as it has played out over decades in the shadows of global communication.
