Our online databases and directories are designed to help you in that last task - to get your personal cover letter and resume to the executive search firms that specialize in your field. Executive search firms work to fill management positions at top companies across the U.S. and abroad. It is estimated that almost two-thirds of executive positions are filled by executive search firms. Personnel agencies work to fill professional, technical, and administrative personnel at companies. The search firms and agencies in our database are hired and paid by companies that need new employees. Our Directories of Search Firms and Recruiters are drawn from our database of more than 16,500 search firms and personnel agencies and 31,600+ key contacts. The directories contain descriptive information about each search firm and recruiter in its category and contain the contact information that you can easily use to contact these recruiters. The directories list companies alphabetically by name with multiple offices of the same firm listed alphabetically by city.
