Reviews

Good electronic book and valuable one. It is one of the most incredible publication we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

Knopf, 2014. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Praise for Gregg Herken's The Georgetown Set: Friends and Rivals in Cold War Washington "Herken takes a rather clever idea promising titillating gossip among neighbors Joseph Alsop, Phil Graham and John F. Kennedy during the 1950s and '60s and amplifies it into a spiraling delineation of the official American response to the perceived Soviet threat . . . Herken helps guide readers through the intimate murk of espionage detail, moving from events in North Korea to Berlin to Cuba . . . An intricate study of the personalities that shaped U.S. Cold War policy." -- Kirkus "Greg Herken has written the hidden history of our foreign policy under Truman, Eisenhower, and Nixon, at a time when those who made policy met those who wrote about policy in the living rooms of Georgetown. Herken had the patience to wait until the files were opened. His book is admirably researched and written." --Ted Morgan, author of Reds: McCarthyism in Twentieth-Century America "The past really is another country. Gregg Herken's intriguing volume is a passport that enables us to visit the vanished country of Georgetown during the Cold War. There the braided political and social networks of a small cohort made, and reported, history." --George F. Will "Gregg Herken has diligently brought the old Eastern Establishment back to life in his The Georgetown Set . A whole host of luminaries - Joseph Alsop, Dean Acheson, Paul Nitze, Phil and Kay Graham among them - make grand appearances in this group biography. Herken has connected the dots between these so-called 'Wise Men of the 20th Century' better than anybody else. An absolutely wonderful read!" --Douglas Brinkley, author of Cronkite . "An absolutely fascinating look into a world that...
