Reviews

This publication is wonderful. I could comprehend every thing out of this published e publication. You can expect to like the way the blogger write this publication.

(Eliseo Rippin)

LEGACY: A STEP-BY-STEP GUIDE TO WRITING PERSONAL HISTORY

Swallow Press, 1997. Hardcover. Book Condition: New. Swallow Press 1997 New/ In Plastic. ReviewLinda Spence's *Legacy* proves to be just that: the creation of a family heirloom that money couldn't buy. Through a series of thought-provoking questions about each phase in human life, Spence helps readers record their personal history, think back to feelings that any number of snapshots could never capture, and reflect upon their lives. What events occurred during your childhood What did you like most about school What do you wish your parents had done for you The text includes sample essays by the author and quotations by other writers to encourage your muse. --This text refers to the Paperback edition. Aiming to prod the story out of the writer, writing consultant Spence has designed a of questions and quotes that goes deeply into the hows and whys of the writer's life. The questions are well written and divided by time period, from earliest memories of childhood to life as seen from the vantage point of old age. People will probably want to own and spend time with this because the project it proposes will take longer than a three-week checkout, but it would do well in libraries where patrons are interested in genealogy or local history as a springboard to getting people to talk about the past. It also has great potential for people working with nursing-home patients. Recommended.Lisa J. Cihlar, Winfield P.L., Ill. 1997.
