In this solutions-oriented, narrative guidebook, David, the central character navigates the confusing landscape of project management and learns how to be a successful project manager. Join him on his journey and discover how to initiate a project and see it through-from start to finish; seek out information that will help you manage projects; manage projects even with little experience or direction; and hire and develop the right team members to support your efforts. This guide also provides many templates commonly used in project management in a completed format, creating a simulated learning experience in which concepts are well anchored.
