Brand New Book ***** Print on Demand *****.Excerpt from A Guide for Evaluating Prevention Effectiveness This Technical Report is intended to be used as a basis for training evaluator-practitioner teams to collaborate in the design and implementation of useful evaluations. It is organized around the idea that a useful evaluation depends on prevention evaluators working closely with practitioners to design feasible evaluations. Practitioners should then support evaluators in their efforts to assess accurately the nature and effects of prevention programs. This document presents both general materials on how evaluation fits into the practice of prevention and technical details of implementing an evaluation plan. The combination will give prevention staff common ground on which to build. Chapter 1 of this guide asserts that useful evaluations are tailored to intervention type and stage of development. This information will be useful to preventionists as well as evaluators. Chapter 2 describes types of evaluation and evaluation outcomes. It also discusses the problem of credibly attributing observed effects to the prevention intervention. Practitioners and evaluators alike should be familiar with this basic information. Chapter 3 outlines several experimental...
